Sir,

As the Military authorities decided in 1893 that no troops should in future be stationed at Mangalore, they relinquished in that year all the grounds in their charge in Mangalore as no longer required for Military purposes. These were taken charge of by the Revenue Department and have ----- remained in their charge from that date. There is a well -- close to the Women and Children's Hospital at Mangalore. This well is a Military well which came to the charge of the Revenue Department in 1893. It is a step well and has come to be used as a public latrine, and consequently, it is a --- source of great nuisance to the neighbourhood. Major A. S. Leslie, I.M.S., while he was the District Medical Officer --

here requested the Chairman to close this well, as it was a breeding place for mosquitoes and totally unfit for use. His successor, Lieut.Col.Kirkwood, I.M.S., also considered it insanitary. A copy of Major Leslie's letter No.115/25 dated 24th January 1925 to the Chairman, Municipal Council, Mangalore is enclosed. p 3 supra

2. The Municipal Council passed an unanimous resolution on 28th February 1925 to fill up the well in question. Subsequently, the Council passed another resolution on 30th January 1926 that the well should be repaired and deepened and the --- water used for watering the roads.

Major Leslie considered that it would be dangerous to use the water which was filthy for watering the roads, as the infectious germs would be spread abroad and when dried in dust, would be inhaled by the passersby endangering their health.

3. The Executive Committee of the Government Women and Children's Hospital Extension Fund has also passed a resolution recommending the closure of the well, as it is highly detrimental and even injurious to the health of the patients in the hospital on account of its insanitary condition. The Committee is not in a position to spend any money on this work and as the closure of the well will add generally to the health of the public, who resort to the maidan closeby in the evenings for recreation --- purposes and in particular to the sanitation of the locality, I think the Municipality ought to meet the cost of closing it. It does not, however, appear that the well has ever been made over to the Municipality. The Municipality cannot therefore be asked to close the well at its cost, unless it is formally transferred to it.

4. I, therefore, request sanction to transfer the well to the Municipality on the condition of closing it at its own cost.

5. A sketch of the locality is enclosed.

Your obedient servan

I have the honour to invite your attention to the old Cantonment Well which is to the East of the Police ----- Hospital bordering on the Cantonment Road.

The place has come to be used as a public latrine and is a nuisance to the neighbourhood.

The water is filthy and heavily polluted and gives out a nauseating smell.

It is a breeding ground of mosquitoes; the water is so heavily polluted that it is totally unfit for use. Even to use it for watering roads would be dangerous as the ----- infectious germe would merely be spread abroad and when dried in dust would be inhaled by passersby to the danger of their health.

I urge that early steps be taken to cover the well in completely and that the whole plot in which it stands be levelled.

It would add much to the amenities of the district if the plot could be enclosed with a low wall and shrubs planted making a small wayside garden, to please the eye and appeal to the aesthetic taste of the citizens.

Refce:-- Government Endorsement No.1970 A/26-1, dated the 14th June 1926.

The Board saw no objection to the transfer of the land to the Municipal Council provided it agreed to close the well and keep the land open for the recreation of [redacted] and accordingly asked the Collector [redacted]

Council would agree to these conditions. The Collector reports that it does. The land may, therefore, be alienated to the Municipal Council under B.S.O.24 for use as the site of a recreation ground. As the free-hold value of the land is Rs.2053-13-0 the Board will sanction the alienation under S.O.No.24, Paragraph 11(ii), if Government approve of the proposal.
